Step 1

Go to <https://team.stackports.com> and sign into your Team Connect account.

Step 2

A Choose the "Schedule" option in the left column to access your team calendar.

B Click on any game scheduled for a future date to expand the info panel.

C Click the "Game Day Roster" button at the top of the panel to open your Game Day Roster builder.

Step 3

A Check the box next to the name of each team player and guest player that should be included on the roster.

B Click the blue "Add new Guest Player" link to search for guest players in the PYSA system.

C Click the "Create Game Day Roster" button to finish creating your roster.

Step 4

Review your Game Day Roster and save for your next game!

Important Note:

If a Game Day Roster has already been created for the game that you selected, you will see the Game Day Roster appear in your new browser tab (see Step 4 for a visual). To return to the Game Day Roster builder, click the "Edit Game Day Roster" button in the top left corner of your screen, then continue to the Step 3 instructions.

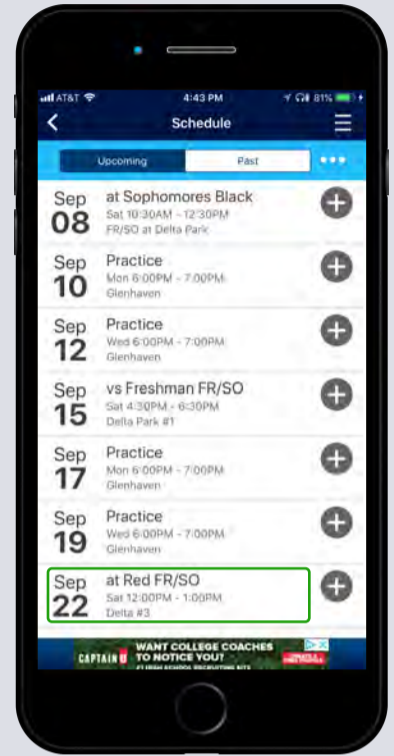

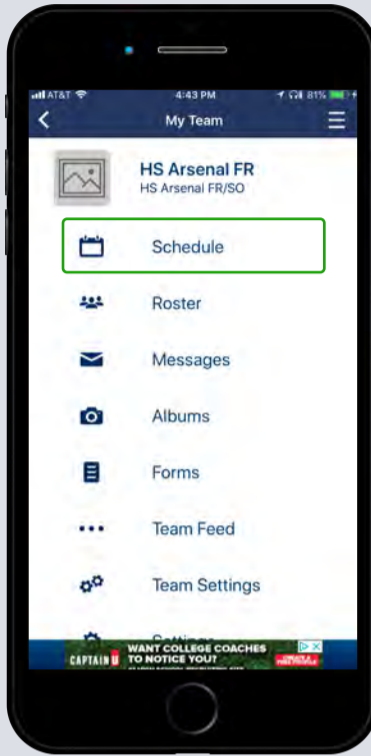

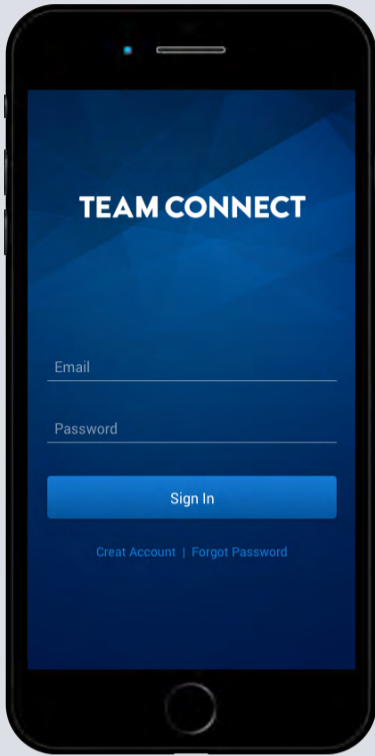

Extra Information:

You can always edit your Game Day Roster BEFORE the game by clicking the "Edit Game Day Roster" button in the top left corner. After the game date and time has passed, the Game Day Roster will be locked and can no longer be edited.
